

About You

To be successful in this role, you will bring:

- A strong commitment to health, safety and environmental standards
 - Demonstrated supervisory or team leadership experience
 - Experience working in an industrial, processing or fixed-plant environment
 - A proactive, continuous improvement mindset with the confidence to challenge the status quo
 - Strong communication skills and a collaborative, team-focused approach
 - The flexibility and resilience to work a rotating 24/7 shift roster
 - A current C Class driver's licence and nationally accredited forklift ticket
-
